

My relationship with the vision of a deeper life began years before the vision for Deeper Life was first given to Pastor Brian. I have loved the Lord my whole life and have been in His school of prayer for many decades. He has been teaching me about Godly living, His desire to have our eyes set on Him, His love of our worship and His heart to dwell with us. I still have so much to learn, I feel like I am still a pre-schooler in this school of God, but I am committed to continue to pursue Him, to seek His face and serve Him in the opportunities He calls me to. I am pleased to put my name forward for election to the Deeper Life @SBC board and if elected will serve as God leads.
