

SBC AGM 2020
Executive Directors Report

Well here we are at our third AGM. It is hard to believe we are rounding our second year and third summer at camp! In that short time God has been incredibly busy in our lives (as I'm sure He has been in yours).

Since our move to Strasbourg Back in May of 2018 we have seen God's warm embrace through His people. To which has made the transition and the rooting process very good. The girls are still loving school and church life. Many deep and valuable relationships make up the tapestry of life; we can step back and easily see how my role as director at SBC and associate pastor at SAC have enriched our families lives the past 2 years. Thank you for being a part of that!

This past year we, the SBC family, strove to provide Christ centered camp ministry to families and children. The cultural trend is still that families that can not afford the cost to send their kids to camp (and this is growing exponentially). And as in the past God continues to bless the world with the humble and meek. This was seen as we pursued Him and His call to serve those He sent us.

Last year over 200 youth and families came to 1 of our many camps. Some started their relationship with Jesus and many more continued to pursue Him in our chapels, devotions and through the relationships built at camp! People are being transformed through encounters with Jesus!!!

What a blessing to see all our campers impacted by our speakers, Deeper life worship band, our staff and volunteers. The Word and works of Jesus seen through His body is an amazing grace that I've been blessed to both watch and be a part of out here on Last Mountain Lake. God is good.

As with all things in life there is a cost. We all have been working hard to operate and upkeep the camp all year, minimizing expenses but also trying increasing our vision (as well as our income). Through hard work and team work We have put our hands to the plow to do the things God has called us to, and for that Lavina and I are both proud (of us all) and grateful for the ongoing generosity needed to keep on keeping on.

I feel as though the theme verse (Isaiah 43:1) for this year's camp is fitting and powerful. "Fear not" we are His! As His word for our little cohort continues to unfold my prayer is that we would unify under His banner of Love and together march into this vision laid before us!

Many blessings,

Executive Director
Marty Wagner <><
